This studio has fulfilled inspirations, caused frustrations, made dreams, caused anger, made beautiful things, made mistakes, has witnessed wonderful moments, and suffered terrible episodes. It has gained, it has lost, and it has recovered. Regardless, it has pressed onward and made each leap larger than the previous. It is a sanctuary intended for creativity and production. And it has grown up in good times and rough times. But it is still here, and what it is and what it produces continues to progress forward. May God grant that I strive to always make the right decisions with it... and that my life continues to be about pursuing my passions and helping others to pursue theirs.

T.S. Klugh Studio, 1989 - present. My workshop, my laboratory, my personal dream factory.
