So the Occupy protestors are being evicted... I hope and pray that this does not end the Occupy revolution. I hope that many have awakened because of this. I hope the world is waking up and is ready to stand for what is right. Yes, there is something wrong with the elite of this world: the governments, big businesses and other bloated, rich organizations of any form... and let me make that clear... ANY FORM. Power corrupts absolutely no matter what person has it. I stand behind what is right, and the purpose of Occupy was right. I have always been one who has sought truth, and I stand by truth to the end.

Oh, and by the way, for those out there, you know who you are, who have openly derided the Occupy protests... who attacked it with vengeance... really... from the bottom of my heart... go to Hell.
